RE: Ante Litem Notice

Dear Mr. Hanson:

Despite multiple emails, phone calls and faxes to you over the past three months, I have yet to receive a response to my January 4, 2008 letter requesting that you repeal ordinance sections 74-4 and 70-13, which ban carrying firearms in city parks and regulate the sale of firearms, respectively. I am, therefore, sending you this letter as an *ante litem* notice of my clients' intentions to bring litigation against the City, and to see attorney's fees for the City's stubborn litigiousness and causing of unnecessary delay and expense. The amount of such fees cannot be determined *a priori*, as they are dependent in large part on the positions of the City, but they can be avoided altogether via repeal of the ordinances.

Sincerely,

John R. Monroe
